

## Melitta One® warranty extension

Register your Melitta One® filter coffee machine within 30 days after the purchase date and get 5 additional years of warranty in accordance with the Melitta® warranty conditions, excluding loose parts such as the filter holder, covers and water outlet.

The warranty extension is only valid for Melitta One® filter coffee machines types 1031-01, -02, -03 and -11, if you register your appliance within 30 days after the purchase data under [gr.melitta.de/gr/plus5](http://gr.melitta.de/gr/plus5) and upload a copy of the original purchase receipt as a photo or PDF. The warranty extension encompasses the purchase of a recognized product in one of the following countries: Austria, Belgium, Luxembourg, Switzerland, Germany, Denmark, Spain, Finland, France, the Netherlands, Norway, Poland, Sweden or the United Kingdom.

To activate the warranty extension, simply follow the registration instructions in the chat window under [gr.melitta.de/gr/plus5](http://gr.melitta.de/gr/plus5). When registering the appliance, the date of purchase corresponding to the information on the purchase receipt, a photo of the original purchase receipt and the type and service numbers of the appliance are required. You can find the type and service numbers on the type plate on the bottom of the appliance. The extension is only possible once. Please keep the original purchase receipt. You will need it in the event of a complaint.

After the successful verification of your registration, you will receive confirmation of your warranty extension by an additional 5 years via email (a total of 10 years from the purchase date). Please keep the confirmation as documentation as well.

In the event that an authorised service technician cannot determine a defect on the product, the warranty will not cover the related costs.

Your statutory warranty rights, to which you have a right free of charge vis à vis the seller, are not affected by this warranty
